CLASS PROPHECY

The day of June 22, 1983, I was flying over Washington D.C. on my flying saucer when I looked down and saw the President of the United States, Junior Vander Tuin.

As I flew on through Washington and into New York I heard Carol Kredit and Joan Sterk singing in the opera. A little bird told me that Carol had married Gerald and Joan had married Arnold.

As I came back through West Virginia I saw Leroy Veenstra sitting in a chair rocking his four children, Harley Van Horsen is working in the coal mine trying to support his big family.

After I left W. Virginia I came to Mich. As I was flying over Detroit I saw Ernest Sterk working as an Engineer for the Ford Corp.

As I was on my way back to Washington I flew over Indiana. In Indianapolis I saw Norma Hansum directing her famous "All Girl Orchestra" at the Marrot Temple.
